Vail	1 3/4 hrs
Ft. Collins	3 1/2 hrs
Aspen	1 1/2 hrs
Breckenridge	1 1/2 hrs

Allow extra time for road construction and heavy traffic

ORIENTATION: Prior to trip departure, you will receive a complete orientation on safety and the operation of the bike.

LIABILITY RELEASE: Everyone will be required to sign a liability release form prior to trip departure. Youths not riding with their parents will need to provide a copy of our youth liability release signed by one or both parents. You can download a copy of our liability release from our website at www.inaraft.com/pdf/downhill-mountain-bike-tour-liability.pdf

TIPPING: Tipping is appropriate particularly if you have received exceptional customer service. If you believe that a tip is appropriate we recommend an average tip of \$5/guest. We always appreciate hearing from you so that we can recognize extraordinary customer service and we also appreciate hearing from you if you feel that there are areas that we can improve upon. We strive to exceed your expectations!

BIKES: We use state of the art Trek bikes. These bikes are equipped with front suspension and mechanical disc brakes.

CONDITIONS: This ride starts out on an easy dirt road. Once the trip arrives at the Midland route the trail turns into single track where you will ride single file. You will encounter a few advanced sections where your guide may ask you to walk your bike.

ALCOHOLIC BEVERAGES: We do not provide alcohol on our trips, and alcohol is not permitted while on the river. Guests who have been drinking prior to their trip will not go on the tour and will not receive a refund.

DAY GEAR: Bring along a small backpack to carry a jacket and camera in. You can leave items in the support vehicle.

DRINKING WATER: We provide everyone with a 28-ounce water bottle. There is a holder on the bike for it.

RETAIL STORE: We have a retail store for those last minute items such as sunscreen and cameras. Plan to check out our t-shirts, hats and souvenirs after the trip.

ALTITUDE: You will be biking between 8,000 and 10,000 feet. Most people don't have serious problems here, but shortness of breath and dehydration are common. Come a day or two early to acclimatize yourself if you can. We recommend that you drink plenty of water during your stay. Temperatures are cooler at high altitudes; we recommend you bring a light jacket or wind breaker.

PREGNANCY: We do not recommend the bike rides if you are pregnant. This policy is for your own safety and that of your unborn child.

CANCELLATION POLICY: If you cancel more than 10 days prior to trip departure, we will refund all of your deposit less a \$5/person cancellation fee. If you cancel less than 10 days prior to trip departure, there is no refund. We reserve the right to reschedule, move or cancel any trip due to insufficient reservations.

TRIP CANCELLATION INSURANCE: If insurance is purchased, you may cancel up to 24 hours prior to your trip departure with no penalty. If you cancel within 24 hours but with at least one hour's notice we will give you trip credit in the form of a gift certificate good through the following season. Gift certificates cannot be extended beyond their expiration date. Cancellation insurance can be purchased at the time of your deposit for 10% of your trip total and is non-transferrable. Insurance does not cover no-shows.
