

NORTH PLATTE RIVER NORTHGATE CANYON

Please share both sides of this page with everyone in your group. If you have any questions or need additional information call us at 1-800-462-7238 or visit our website at www.inaraft.com.

DEPARTURE and RETURN TIMES

Please arrive 30-45 minutes before your trip departure time

Trip	Departs	Returns
2-Day	9:00 am	4:00 pm – 5:00 pm
Full-Day	9:00 am	3:30 pm – 4:30 pm

WHERE TO MEET

Route Access – Drive north from Walden on Hwy 125. Continue 4.4 miles toward Saratoga, WY on Hwy 125 from the junction with Hwy 127. Turn right on the first road past the river. You will see our vehicle in the parking lot. Your car will be left here. You may camp at the first large parking lot at no charge. Outhouses are the only facilities. We will transport you back to your car after the trip.

- Self-Inflating Ground Pad Only - \$4/trip

ORIENTATION: Prior to boarding your raft, you will receive a complete safety orientation.

LIABILITY RELEASE: Everyone will be required to sign a liability release form prior to trip departure. Youths not riding with their parents will need to provide a copy of our youth liability release signed by one or both parents. You can download a copy of our liability release from our website at www.inaraft.com/pdf/youthliability.pdf

RIVER TIME: The first day of the trip we are usually on the water by 10:30-11:00 am. The following days we are usually ready to be on the water by 9 am. We pull into camp between 3:30 and 5 pm, depending on water levels and amount of playtime. During the day we will pull over to scout rapids, eat lunch, and explore points of interest.

MEALS: We provide fresh hearty meals starting with lunch on the first day through lunch on the last day. Special diets can be accommodated upon request. Remember we provide only lemonade and water. If you would like to bring your own drinks in metal or plastic containers, please feel free. We will provide a place to carry them.

CAMPING CONDITIONS: All campsites are primitive-no plumbing or electricity. We provide a portable chemical toilet for use in camp. You may wash in the river.

TIPPING: Tipping is appropriate, particularly if you have received exceptional customer service. If you believe that a tip is appropriate we recommend an average tip of 10%-20% of your trip cost. We always appreciate hearing from you so that we can recognize extraordinary customer service and we also appreciate hearing from you if you feel that there are areas that we can improve upon. We strive to exceed your expectations!

NON-SWIMMERS: Many of our participants cannot swim. We provide U.S. Coast Guard approved personal floatation devices designed to float you face-up in whitewater. Personal floatation devices are required to be worn at all times.

ALCOHOLIC BEVERAGES: We do not provide alcohol on our trips, and alcohol is not permitted while on the river. On multi-day trips you may bring alcohol for consumption in camp but it must be in plastic or metal containers (no glass). Guests that have been drinking prior to their trip will not go on the river and will not receive a refund.

DAY GEAR: Each raft will carry a waterproof bag for your rain gear and small items that you may need during the day.

DRINKING WATER: We carry drinking water on each raft. If you don't wish to share with others, feel free to bring your own water bottle.

SOUVENIR T-SHIRTS AND HATS- These items will be available for sale at the conclusion of your trip.

ALTITUDE: You will be rafting at altitudes between 5000 and 6000 feet. Most people don't have serious problems here, but shortness of breath and dehydration are possible. Come a day or two early to acclimatize yourself if you can. We recommend that you drink plenty of water during your stay.

FISHING: Feel free to bring fishing gear! If there is space on an oar boat, you may fish from the raft even if you aren't on a "fishing only" trip. You may also fish at lunchtime and in camp. A lightweight rod is best for these 6-22 inch trout. 4-6 lb. test line is best. Bring several lures, as they tend to snag out of reach occasionally. Old standby lures include silver and brass colored #1, #2, or 1/6 oz. "Blue Foxes" and "Mepps" brands. You will need a Colorado fishing license, available at sporting goods and hardware stores. Licenses can be purchased for terms of 2 days or more.

LITTER: Please keep in mind that on our trip we will carry out all of our trash and whatever other trash we may find as we travel down the river. We appreciate your assistance in keeping the river clean and beautiful.

PREGNANCY: We cannot take you rafting if you are three months or more pregnant. This policy is for your own safety and that of your unborn child.

CANCELLATION POLICY: If you cancel more than 10 days prior to trip departure, we will refund all of your deposit less a \$50/person cancellation fee; if you cancel less than 10 days prior to trip departure, there is no refund. We reserve the right to reschedule, move or cancel any trip due to insufficient reservations or poor water levels.

TRIP CANCELLATION INSURANCE: If insurance is purchased, you may cancel up to 48 hours prior to your trip departure with no penalty. If you cancel within 48 hours but with at least one hour's notice we will give you trip credit in the form of a gift certificate good through the following season. Gift certificates cannot be extended beyond their expiration date. Cancellation insurance can be purchased at the time of your deposit for 10% of your trip total and is non-transferrable. Insurance does not cover no-shows.

MORE WILDERNESS AWARE RIVERS

Dolores River- The Dolores River is a classic western river, unspoiled, with majestic desert scenery

Gunnison Gorge- Scenery reminiscent of the Inner Gorge of the Grand Canyon makes the Gunnison a place not easily forgotten.

Upper Colorado- A good family trip, this mild whitewater float takes us through the steep, narrow Little Gore Canyon

Arkansas River- America's most popular rafting river. Trips range in duration from ½ to 5 days.

Salt River, Arizona- World-class whitewater, giant Saguaro cactus in bloom, and canyons carpeted in Sonoran Desert wildflowers.
