To whom it may concern:

Adventures Cross-Country has been doing business with Wilderness Aware since 1993. They have outfitted over 60 two-day rafting trips for us. We couldn't be happier with the level of service they have provided. Their customer service is remarkable, exemplified by the rave reviews we consistently get from our students in reference to the Wilderness Aware guides. They are extremely safety conscious, courteous, and knowledgeable of the Colorado flora & fauna in and around the Arkansas River. They are also very skilled at working with our teenage population, making the 2 days we spend on the river one of the highlights of the trip for our students. Wilderness Aware is an outstanding company providing a quality of service unsurpassed in the industry.
